SEMI-WEEKLY—TUESDAYS AND FRIDAYS

The Upland News Gives You Complete Coverage—

VOL. LII. UPLAND, CALIFORNIA, FRIDAY, AUGUST 30, 1946. NO. 35

Move In Administration Building At Cable Airport

Although not quite completed, employes at the Cable airport moved into their new administration building yesterday afternoon to complete another milestone in the rapid development of the airport.

Dewey Cable, owner and operator, in making the announcement this morning said that this was only the beginning of the elaborate plans he has for the continuous development of the airport into one of the most modern and beautiful in Southern California.

Work has already started on the building of a considerable number of "T" hangars which will be used like "airplane garages" for the 30 owners of private planes who now have their private planes at the Cable airport. There will be individual doors and locks for each "T" hangar, Cable said.

The new administration building at the Cable airport extends 5,000 square feet and is three stories high. The first floor consists of offices, showcases, desks and other administrative equipment and is 20 by 30 feet. The second story is 20 by 20 and the third which is the tower building is 12 by 12. Two wings each 20 by 40, one a lounge room and the other the restaurant, complete the building.

According to Cable the building is rock all the way to the window sills and steel reinforced. The rest is regular wood frame.

With the arrival of a new Aeronica Chief today from Grand Central Terminal in Glendale, there are now 11 planes at the Cable airport. This is in addition to the 30 private planes which are parked there.

"This is only the beginning. We are going to keep right on expanding," Cable declared.

Driver Slugged By Passenger

A cab driver for the Valley Cab Co., Arcadia, was knocked unconscious early this morning by a passenger who refused to pay his fare at Rochester avenue, about two miles east of Cucamonga.

James Shannon, Monrovia, the cab driver, told Deputy Sheriff Ernest Mehl, head of the Cucamonga sheriff's office, that he picked up a man about 35 years old with black curly hair at Rosemead and Colorado in Pasadena at about 4 a.m. today. Asking to be taken to the Zanzibar motel outside of Monrovia, the passenger changed his mind upon arrival there and said that he wanted to go to San Bernardino instead.

When the cab reached Rochester avenue near Cucamonga, he told the driver that this was as far as he was going. Getting out of the cab he walked to Foothill boulevard without paying his fare. When the driver went after him, the passenger smashed him in the jaw and knocked him out, according to Deputy Sheriff Mehl.

Upon coming to, Shannon found his cab and passenger gone. Walking back to Rochester he found his cab but no sign of the man whom he had brought from Pasadena.

Mehl, who is investigating the case, said that the attacker is believed to be 35 years old, 6 feet tall and weighing between 150-160 pounds. He is reported to be of slender build and have black curly hair. He was wearing a gray pinstripe suit with white shirt and no tie.

Valuation For New Buildings Nears $100,000

Building construction for August continued to rise today and with only two more days left in the month unofficial figures indicated that valuation for new construction has now reached $94,730.50.

This is a boost of $23,644 since last Tuesday when valuation figures were $71,986.50. August is still behind last month, however, when building valuation totaled $99,453.

Permits for three more new homes were issued yesterday to make it a total of 16 new dwellings for the month for a valuation of $88,554. This is far in excess of August last year, when only four new dwellings were started.

Among the homes being built in the city is one by O. M. Neeley at 267 South Second avenue, at a cost of $9,000. The house being planned by Neeley, who lives at 257 South Second avenue, will have six rooms, be 1360 square feet, and include a garage.

Permits were also issued to Charles D. Reed, 1904 Sixth street, LaVerne, for the construction of a five-room house at Sycamore court. P. S. Pearcy, Pomona, is the contractor for the house, which will be 1250 square feet and have a garage attached. A new home is also being planned by A. H. Buckwalter at 953 West Arrow highway, and will be 1000 square feet with four rooms and garage.

Already the biggest building year in the history of the city, total building valuation for 1946 has now reached $776,551.77. Valuation by the end of August, 1945, was only $157,822.74.

James C. Kendall's Car Jumps Curbing

A motorcylist who swerved to avoid bumps in the road was the cause of an accident involving an Upland resident Tuesday.

The motorcyclist, Harry J. Berny, Ontario, was traveling north on Euclid avenue near Eighteenth street, and seeing the bumps in the road, swerved to the left. The following motorist, James C. Kendall, 120 Twenty-fourth street, thought he was going to make a left turn and applied his brakes.

Going out of control, the car jumped the curb and ran headlong into a tree. Mr. Kendall was treated at San Antonio Community hospital for a lip and left shoulder laceration and for a scalp contusion.

SIZE 50 FOOTBALL PANTS AMAZES CHAFFEY COACHES

The Upland News photo

Among the new football pants which arrived at Chaffey recently was one size 50. Athletic Director Harvey Shirk (left) and Coach Ray Rosso (right), Panther mentor, look at the size of the pants with amazement and wonder if they are going to be lucky enough to have anybody that big on the Panther team in the fall. According to the record, however, Chuck Adams, who played tackle last year on the college nine, wears size 48, and he intends to be back at Chaffey in the fall.

Why Not A Ball Park For City, Mac Wants To Know

BY PAT McQUILLEN

Again we yelp—WHY NOT ? ? ? ?

Last night we dashed merrily up to the Alta Loma school to witness the Lion-Rotary ball game and found a wartime blackout. Then we remembered a newspaper notice and tooled our "Rolling Wreck" to John Galvin park and there they were, two gangs of peppy "youngsters" warming up.

It's last year's bird's nests now, but for twelve boisterous innings these scions of service put on an exhibition of trial and error salted with farce and comedy that kept the biased rooters biting their nails.

It was a bit quiet compared to last week's game. We missed the vocal barrage of Nelson Van Fleet, who had so ably ad libbed as volunteer master of ceremonies.

We knew that Harlow Wilson's baritone had tonal quality, but we never suspected the volume or the depth of his conviction.

Each team had at least 50 managers, who experienced the chromatic scale of emotions from misery to ecstacy—and vice versa.

Who cares now that the score was 17 to 18. Our patient plea is this—Why can't we rustle us a ball park of our own? We have a park out east of the hospital of sufficient acreage to accommodate such a field.

More and more people are becoming interested in baseball and softball. More and more leagues will be organized.

We should have a ball park of our own here in Upland. Our schools need their own facilities.

Whaadya say buddies ? ? ?

Graham Photo Studio Sold to Dan Sharp

The sale of the Graham Portrait studio, 145 North Second avenue, to Mr. and Mrs. Dan Sharp, 511 East Ninth street, was announced this morning by Uel Graham who has been operating the studio for the past three months.

The change in ownership becomes effective today and Mr. Sharp said that in the future the business would be known as "The Camera Shop."

Mr. and Mrs. Sharp, who recently sold four photo studios in the San Jacquin valley have been in the photography business for the past 35 years. For the present they intend to specialize in portraits and in various kinds of commercial photography. Mr. and Mrs. Sharp have been in Upland since July 1.

Graham, who received his discharge from the marines last December, plans to return east with his wife and year-old boy in the near future to open a photo studio there.

Expect All-Time High in County Registration

With registration for the November 5 general election closing September 6, present figures show a registration total of 92,000 for San Bernardino county. Officals expect an all-time high of 100,000 by closing date.

Application for absentee ballots may be filed September 6, with deadline at October 31.

Sample ballots for the election are now being printed.

Contestants Meet With Gratifying Success in Subscription Contest

BY S. J. LINER

The Upland News' now famous "Weekly Payroll" plan subscription contest, in which winner's choice of two fine new 1946 automobiles and other highly desirable prizes will be awarded, is off to a flying start.

We welcome the ever-growing number of new subscribers now being received and thank the many regular readers who are taking advantage of this opportunity to renew their subscription at considerable saving in cost to them.

Contestants are meeting with gratifying success on every hand in their quest for subscriptions (the points issued on each prepaid order, of course, mean the winning votes to them!) and this newspaper appreciates the wholehearted response of the community in this drive. The encouragement thus extended to the enthusiastic participants spell SUCCESS in large capital letters for the campaign and by the same token enables us to better serve in every way this entire area.

It is our pleasure each week to issue substantial "Weekly Payroll" commission checks to the many enterprising contestants in this race, as a result of diligent effort on their part, and in due course the six most successful ones will reap their greater reward in the form of valuable and attractive prizes and big cash bonuses—all in accordance with the liberal offer fully outlined in opening announcement of campaign.

So far the race has been mighty even between the various contestants and therefore much depends upon individual results obtained by each while the BIG votes are allowed this and next week as to who the ultimate grand prize winners will be.

No one has a "walk away" for that new 1946 grand prize automobile (winner's choice of Chevrolet Fleetmaster sport sedan or Ford Super Deluxe sedan, fully equipped, worth upward of $1,500.00) nor for the second grand prize of $500.00 cash; neither is anyone hopelessly beaten for

Plane Crash Kills Two POA Employes

In a plane crash in a canyon near San Diego, two residents of Ontario were instantly killed. They were Harley E. Mast, 26, and Robert W. White, 28, both employes of the Pacific Overseas Airlines.

The two, flying a privately owned plane, had just taken off from San Diego, their destination being the Ontario International airport, when the crash occurred.

Mast is the son of Mr. and Mrs. M. D. Mast, Ohio, and the body will be shipped there for interment, while White leaves his wife, Maxine, who resides in Ontario.

Upland Lions Nose Out Rotary In 12th, 18-17

In a free hitting and see-saw contest that went 12 hectic innings before a decision could be reached, the Upland Lions nosed out the Rotarians last night at John Galvin park, 18-17.

Francis "Squeak" Wilson, ace Lion hurler, brought the curtain down on the second Rotary-Lion game as he blasted out a long hit into right field with the bases loaded in the 12th to bring Clint Thompson streaking across the plate with the winning run. Under any other circumstances Wilson's hit may have been a home run and would have meant four runs for the Lions, but under baseball rules the game is automatically over when the winning run crosses the plate.

FIELD DAY

It was a field day for batters of both teams as the Lions collected 28 hits and the Rotarians, 19. Bus Andreas, Rotary catcher, connected for five hits in six trips to the plate to pace the hitting

(Continued on Page Five)

City Council Offers $15,000 For Property Near City Hall

City Sales Tax To Be Effective Next Monday

With the ordinance already approved, the one-half cent city sales tax becomes effective in Upland next Monday, September 1.

The city council at its special meeting Tuesday night unanimously approved the amendment to the sales tax ordinance and also stated that the tax would be collected through the city office rather than the city license bureau, as originally suggested.

Although more than 300 application forms have been mailed to local merchants, only 50 have been returned thus far. The council called on all business men to fill out the applications and return them to the city hall with one dollar immediatey so that all permits can be issued before Monday, when the city sales tax begins.

An unidentified citizen appeared before the council on Tuesday night to question the legality of the sales tax, declaring that the matter should have been brought to the vote of the people. City Attorney Henry M. Busch told the complainant that the city sales tax had been tested in numerous court cases and found to be legal.

Councilmen said that the sales tax had to be passed to meet the increasing cost of municipal administration and it was thought better to impose a sales tax rather than raise taxes on real property.

Legion Plans For Installation

Arrangements are nearly complete for the installation of new officers of Upland Post 73, American Legion, which will be held at the I. O. O. F. hall next Wednesday, September 4.

A dinner at 6:30 p. m., to which all veterans, whether members of the Legion or not, are invited, will be held before the installation. There will be no charge for the dinner.

Houston Dewey will be installed commander next Wednesday night, succeeding E. E. Carter, who has headed the Upland post for the past year.

Other officers to be installed are Stephen C. Kalagian, first vice-commander; Donald Shilling, second vice-commander; Raymond J. Davis, chaplain; Glenn Goforth, sergeant-at-arms, and Henry Busch, Francis Rogers, Ellsworth Mitchell, Thomas Bryant and Donald Shilling, executive committeemen.

Race Thrill Is Related to Lions

Most auto drivers are "fatalists" and believe that regardless of what they are doing when "their time comes it comes" and in that spirit they flash down the speedway after gold and glory and the thrill of a lifetime, according to Reynolds MacDonald, who spoke at the meeting of the Upland Lions club in the Upland Woman's club house at noon yesterday.

He spoke from experience. For four years as "Reynolds Coleman," he was a race driver, participating in many races and near-death experiences.

He told of his experiences, of the attitude of the men of the race track and of the "do or die" spirit that exisits in the speeding fraternity.

At one time Mr. MacDonald was a champion among the midget car race drivers in Southern California. He also participated in the big Indianapolis Memorial day race and he related in detail of the harrowing experiences among the men who put everything into the speed cars for a chance at the big money.

Mr. MacDonald, who quit racing when he realized he had had plenty of narrow escapes and enough of hospitalization after some crack ups, was introduced by William Gilliland.

No Driving Tests Here Next Tuesday

No drivers' licenses will be issued at the Upland chamber of commerce office next Tuesday, Sept. 3, but the service will be continued on schedule in Ontario on Wednesday, Sept. 4. The Upland office will be open on schedule again on Tuesday, Sept. 10.

Tickets for C. of C. Dinner Reported Brisk

While ticket sales were reported brisk for the chamber of commerce Booster dinner meeting on September 10, Oris F. Heinauer, ticket chairman, urged again today the early purchase of tickets.

"It is important that we know as early as possible just how many are going to attend the meeting so that we can make proper arrangements accordingly," Heinauer said.

Everybody in the community is invited to attend the meeting which is being held in order to bring together all those interested in the chamber's new, enlarged program. The budget for the new fiscal year as recommended by the finance committee will also be taken up at that time.

Principal speaker at the meeting will be D. W. Campbell, general manager of the Long Beach chamber of commerce. With 20 years of chamber of commerce experience in Southern California behind him, Campbell is expected to provide valuable information for the local chamber now on the throes of re-organization.

To provide entertainment for the dinner meeting, Wilbur Schowalter, director of vocal music for Redlands public schools, has been obtained. He will not only direct the community singing but provide special musical entertainment as well.

Tickets for the chamber meeting are on sale not only at the chamber office, 130 East Ninth street, but several stores in town as well. They may be obtained at McFadden's Variety Store, Rowe Hardware, Upland Furniture, Duke's Men's Shop, Atwood's, Gilliland Gardens, Harris Pharmacy and The Upland News.

Ontario Tax Rate Raised by $1.04

A raise of $1.04 over last year's tax rate, making a total of $6.59 on the $100 assessed valuation for the fiscal year 1946-47 has been announced for the city of Ontario. According to Paul W. Nichols, county auditor, the higher rate is the result of the raise to 60 cents in the school rate, and 44 cents in the county rate.

PEEKS IN

A. Ripley, 863 North Campus avenue, reported to Upland police this morning that somebody looked into the window of their home last night.

Shopping Bag Willing to Sell For $18,000

Declaring that the price of $18,000 was too high, the city council Tuesday night made an offer of $15,000 for the Shopping Bag Market site on the southwest corner of D street and Second avenue, directly opposite the city hall.

Earlier the council had authorized City Manager R. G. Manley to secure an option on the site. A letter received from the company which quoted the $18,000 price was read to the council on Tuesday night.

Councilmen in making the $15,000 offer, stated that the company had through the sale of buildings formerly on the property realized some return.

The land desired by the city was purchased by the Shopping Bag company about two years ago. The council has indicated in the past that purchase of the property would not only be a good investment but it would also be a way of controlling the kind of establishment that would be placed there.

Several uses for this property have been suggested. One as a possible part of the proposed civic center and the other as a site for a postoffice building.

Auto Accident Injures Four

Victim of an accident which occurred late Wednesday night, Mrs. Ethel McArdle, 339 South Third avenue, is still receiving care at San Antonio Community hospital.

The accident occurred at the intersection of Central and California boulevard, Ontario, when a car driven by Walter Rohrer, Jr., Chino, was believed to have run a stop sign, colliding with the car in which Mrs. McArdle was riding, driven by Arthur Sherbondy, 339 South Third avenue.

Although passing motorists extinguished a fire which developed in the Rohrer car, the Ontario fire department was called to eliminate further out-breaks.

Mrs. McArdle is suffering from several fractured ribs and bruises. Mr. Sherbondy was given emergency care at the hospital for numerous bruises, but was not admitted for further treatment.

The driver of the other car, Rohrer, and his companion, Miss Pat Kenealy, were also admitted for treatment, Miss Kenealy suffering from a forehead and knee laceration and general contusions. Rohrer was treated for second degree burns of the face and contusions and abrasions.

City Favors Washington Boulevard Extension; Wants Citizens to Start It

The Upland city council went on record Tuesday night favoring the extension of Washington boulevard in order to connect the eastern part of the city to the downtown district.

Taking no action on the matter, however, the council indicated that it would prefer to have property owners in the area make the initial step rather than for the city to use its powers of condemnation.

The "blind" area on Washington boulevard is bounded by Third avenue, Arrow highway, Sixth avenue and Ninth street. If Washington boulevard were extended it would connect with downtown Upland via C and D streets.

The council also stated that if a group of citizens would start the ball rolling, they would receive all possible assistance from the city. It was also pointed out that the opening of Washington boulevard through to the east city limits would prove of great benefit to undeveloped areas in that direction.

It was also suggested by the council that R. G. Manley, city manager, plant shrubbery on the new parking lot on Third avenue if at all possible. It was also mentioned that more beautification of Euclid avenue would be accomplished by a little landscaping of certain properties.

Worker Injured in Foundation Cave-In

Magdaleno Fuentes, Monte Vista avenue, was injured Tuesday when he and another worker, Matildo Ferrano, were excavating for a basement at the Upland house of the American Fruit Growers association.

Employed by the Cline cement products firm, Mr. Fuentes suffered a fractured ankle when part of the old foundation of the building fell on him. The other worker escaped with only minor scratches.

Upland, Ontario Churches End Joint Services This Sunday

This Sunday will see the final joint services of four churches, two in Upland and two in Ontario, while the congregations of other churches will hear guest speakers.

Dr. Rufus Oakey will speak on "Jesus on Bended Knee" at the final combined services of the First Methodist church and the Presbyterian church, 11 a. m. on Sunday. The two groups will meet the last time this summer at the union prayer meeting on Wednesday.

For the last combined services of the Bethel Congregational church and the First Methodist church, Ontario, Rev. Charles L. Knight, pastor of the Congregational church, will deliver the sermon, "The Church and Our Economic Order", during morning services at 11 o'clock. The Methodist church building is the place of meeting, with Doris Burriff Caster directing the choir.

Films will be shown during the Sunday school at 9:30 a. m.

GUEST MINISTER

Rev. Thomas R. Marshall, rector of St. Paul's Episcopal church in Pomona, will fill the pulpit at St. Mark's Episcopal church for morning services at 9:30 o'clock. Rev. Marshall was heard last Sunday at the church in the absence of Rev. John A. Luther.

For the observance of the Sacrament of the Lord's Supper, the First Free Methodist church congregation, Ontario, will hear the Rev. E. P. Boyd, who is the superintendent of Free Methodist churches in Southern California and Arizona, at the evening services at 7:30. Rev. Boyd has just returned from a seven weeks' tour of churches in the east and Canada.

As usual, organ meditations will be played by Sheldon Taylor at the console, preceeding the evening services. During morning services at 10:50, Rev. William A. Hulet will preach on "The House of Glory".

OBSERVE COMMUNION

Members of the First Baptist church, Ontario, will obse ve regular montaly communion at 11:00 a. m., with the pastor, Rev. Merrill Jensen, continuing his communion meditations, subject matter for which is taken from the 13th chapter of Corinthians.

Evening services at 7:45 o'clock will begin with singing led by Clark F. Lewis. The pastor will give the second in a series of three sermons on the theme, "The Diety of Christ". Sunday's topic has been announced as "Behold Your God". A baptismal service is to be held following the sermon.

Services at the Church of Christ, Upland, will feature a sermon by Rev. Marvin R. Tate, pastor, on the subject, "The Power of the Written Word". All other services will be held at the usual time.

A missionary returned from India will be the guest speaker at the evening services at the Brethren in Christ church Sunday evening at 7:30. Bishop A. D. M. Dick of the India mission field has just arrived in this country from India.

Rev. C. R. Heisey, pastor, will deliver the sermon, "The Pure in Heart" during morning worship services at 11 o'clock. Young People's Christian league will again meet at 6:30 p. m.

Dr. Scherer Closes Claremont Series

Bringing to a close the summer lecture series sponsored by the men of the Claremont church, Fifth and Harvard, Claremont, Dr. Paul Scherer will be heard Sunday at 7:30 p. m.

Until recently Dr. Scherer was minister of the Holy Trinity Lutheran church in New York City, and shared with Dr. Harry Emerson Fosdick the well-known radio program, "National Vespers". Recently he has become professor of homiletics at the Union Theological Seminary in New York.

His speech will follow the series theme, "The Search for Reality and the Christian Answer". Muscial recordings chosen and presented by Earle Vought will be heard for a half hour preceeding the program.

Co-Pastors List Special Services

Special services will be held at the Foursquare church this Sunday, the occasion being the second anniversary of the co-pastor', Rev. Lewis and Beulah Johnson, affiliation with the local church.

With everyone invited to attend, the co-pastors have announced three speakers for the day: Rev. Floyd Wood, Los Angeles, for the morning service; Rev. Zelmer, pastor of Monterey Park Foursquare, afternoon service, and Evangelist and Mrs. Billy Barnes, Los Angeles, for the evening service.

Those planning to attend are invited to bring a basket lunch for a joint dinner at noon.

-CHURCHES-

7:30—Adult Bible study.

LOS OLIVOS
Leslie Unruh, Superintendent
9:45 to 10:45—Bible study hour, administration building.

Churches Announce Pastors' Resignation

Two churches this week are announcing the resignation of their pastors.

The First Christian church of Ontario regrets to announce that the present pastor, Rev. Edwin L. Carter, has been forced by illness to resign, his resignation to take effect October 5. Rev. R. C. Lockwood will fill the pulpit this Sunday for services at 10:45 a. m.

The First Baptist church, Upland, now designated as the Southern Missionary Baptist church, is announcing that Rev. D. P. Hathcock will take over permanently following Rev. Henderson's resignation. Unable to find housing in Upland, Rev. Henderson was not able to devote the time he felt necessary to church work.

Rev. Hathcock, who now resides at 215 East I street, Ontario, lived in Upland until January of this year. He served during the war as an army chaplain and was stationed on a transport which made voyages between Seattle, Washington, and the Aleutian Islands.

YOUR Sunkist REPORTER

278 Miles of Canvas

If you're a citrus grower in any of the areas where trees are subject to scale insects, you know about the serious situation that arose during the past year regarding fumigation tents.

During the war, all canvas naturally went for war purposes. No fumigation tents had been made since 1941, and of the 12,000 in use that year many had worn out; others were in bad shape.

In the interest of the growers, and the consuming public, too, something had to be done—quickly. The California Fumigators' Association asked Fruit Growers Supply Company to help.

How the necessary canvas was eventually received is an interesting story—and a good example of the way the different departments of the Exchange work together:

★ ★ ★

First, Fruit Growers Supply Company, the Exchange growers purchasing organization, tried to get canvas through local suppliers, then the big textile houses in the East. No canvas was available.

Thereupon, the Supply Company, in cooperation with the Exchange, contacted its representative in Washington, D.C., to find out if any suitable canvas could be obtained from the government.

The War Assets Administration reported there was a tremendous quantity of army canvas stored around the country. But most of it turned out to be useless for fumigating.

Canvas for fumigating tents must be strong, but light, and pliable. It must hold the hydrocyanic acid gas long enough to kill the scale. Most army and navy canvas was too stiff and had been waterproofed.

Finally a supply that sounded more promising was located at Ft. Worth. The emergency was explained to the Department of Agriculture, whereupon the Department froze 1,500,000 yards of the Ft. Worth canvas so it would not be disposed of until the citrus industry could determine its suitability.

At this moment, Dr. Fulton of the Department of Agriculture, leading U.S. fumigation expert, was about to go East—via Texas. Dr. Fulton was glad to help. He stopped off in Ft. Worth, examined the canvas and pronounced it satisfactory. Upon further inspection of the materials the Fumigators' Association and the Pest Control Bureau of the Exchange concurred.

Then suddenly negotiations hit a snag. The War Assets Administration couldn't release the canvas unless the purchaser had a priority—and under its rules the W.A.A. was powerless to grant a priority.

Through anxious weeks Exchange men worked to solve the difficulty. They enlisted the aid of the National Council of Farmer Cooperatives. Wires were sent to congressmen. The citrus growers' desperate need for canvas was placed before the Civilian Production Administration. These efforts and the invaluable work of the Department of Agriculture finally succeeded.

On May 15 the Civilian Production Administration issued a directive setting aside a requisite amount of canvas for use of the citrus industry. Few days later Exchange District Sales Manager Scott presented the quartermaster at Ft. Worth with certified checks of the Supply Company totaling $176,964.45. The canvas purchased came to 490,750 yards. This equals 278 miles of canvas one yard wide.

By careful routing and shipping under the right classification the Exchange Traffic Department saved over $1,400 on the shipping cost. The canvas was finally made available to pest control operators in California and Arizona.

Through well organized cooperative effort, Exchange growers were able to overcome a serious handicap. Just one more example of the value of Exchange service.

Next report: in this paper two weeks from today.

Mrs. Harold Baird Announces Birth of Great-Grandchild

"I'm pleased as punch," declared Mrs. Harold P. Baird, 157 South Palm, when she told about the birth of her first great-grandchild, born Wednesday.

Mrs. Baird has just returned from a five week's stay with the child's mother, Mrs. M. A. Wilson, in Long Beach. The child has been named Michael Albert.

Mrs. Wilson, the former Virginia Kathryn Baird, is known to many persons in this area, having attended Chaffey high school. Her marriage to Mr. Wilson, who is with the Navy, took place in August of last year and since then the couple have made their home in Long Beach.

Club Notices

MENNONITE WOMEN

Regular meeting of the Woman's Missionary society of the Mennonite church will be held at the scheduled time, September 4. Gathering at 2 p.m. at the church, the group will discuss business affairs.

RED, WHITE AND BLUE

A business and social hour is on the program for members of the Red, White and Blue club when they hold their regular meeting September 3. Gathering at John Galvin park for a contributed luncheon, the group will also remember the September birthdays.

Those wishing to attend are reminded to bring their own table service. Table committee consists of Mrs. Mamie Crosslin, Mrs. Oran E. Burt and Miss Olive Wood.

WEDNESDAY LUNCHEON

With Mrs. Charles O. Deverts playing hostess this month, the members of the Wednesday luncheon club will meet at the home of Mrs. Edna Brown, 1423 Euclid avenue. Time of gathering is 12:30 p.m.

Upland Will Be Scene of 25th District Legion Auxiliary Meeting—Mrs. Larkin

Mrs. W. J. Larkin, 344 Sixth avenue, just returned from the state convention of the American Legion Auxiliary in Sacramento, has announced that she expects to hold her first district meeting in Upland sometime in October.

Mrs. Larkin was recently elected president of district No. 25, which is composed of 21 units in San Bernardino county. She was officially installed at the state convention.

Arrangements for the meeting, which will take the form of an evening dinner, are as yet incomplete, since it is not known how many representatives will come from each of the 21 units.

According to Mrs. Larkin, the state convention, held at the Memorial auditorium during the past week-end, was constructive and well attended in all its sessions.

The Upland delegation was seated well towards the front of the auditorium, since the seating arrangements are made according to each district's membership standing. The 25th district ranks third among the 26 California districts.

It was reported that well over a thousand auxiliary women attended the convention.

The group went on record as opposing dog racing within the state, and as giving their full support and approval to the raising of teachers' salaries and to the bond issue concerning veterans farm and home purchasing loans. The three measures are among those slated for voting on the November ballot.

War activities fund, money for which was sent during the war by individual units, now totals $1,000. Since there is no longer a special need for this fund, the convention participants voted to use the money to furnish a sitting room in the proposed nurses national memorial to be constructed in Washington, D. C. The balance of the fund is to be contributed to a nurses memorial scholarship fund.

During sessions of the convention, Mrs. Sidney Brannaman, Palo Alta, was elected president of the state department. She succeeds Mrs. Fred Heartt, Pasadena.

A breakfast of the past unit presidents, which Mrs. Larkin attended, was held in the Senator hotel. The group elected Mrs. Lorena Good of Stockton as their leader for the coming year.

Mrs. Larkin was installed as president of her district in impressive rites on the last day of the convention, along with new presidents of the 26 districts represented and the state officers of the organization. Mrs. Gracie Moore, Mrs. Larkin's vice-president, was also installed.

In addition to Mrs. Larkin, Mrs. I. J. Linkey, Mrs. Thomas Howarton, and Mrs. Ethel Marsh also attended the convention. Mrs. Linkey remained in the north to visit relatives in Stockton.

Mrs. Howarton and Mrs. Marsh will also be present at the national convention to be held at San Francisco next month.

In a tragic fall Thursday afternoon, Mrs. Anna Bryant, mother of Mrs. J. W. McConkay, 679 North Second avenue, broke her hip, shattering the bone. The fall occurred when Mrs. Bryant stepped on something on the linoleum floor in the kitchen of the McConkay home. She is at present receiving emergency care at San Antonio community hospital, although it has not yet been decided what future treatment will be given.

Visitor at the home of Mr. and Mrs. Harold Kime, 741 Guadalupe drive, is Mr. Kime's aunt, Miss A. B. Woodling, who flew here from Pittsburgh, Pennsylvania. She will visit with the Kimes until September 12.

Mrs. I. J. Linkey, one of Upland's delegates to the recent state convention of the American Legion Auxiliary held at Sacramento, came back with the report that well over a thousand attended. Mrs. Linkey went to Stockton after the convention to visit a cousin whom she had not seen in 33 years, Rev. Belno Lange and his family, returning here on Thursday. Mrs. Linkey's aunt, Mrs. August Lange, Beaver Dam, Wisconsin, who has been staying with Mrs. Linkey for the past three months, also went to Stockton to make her home with her son.

Mrs. Thompson, E. S. Barkow Speak Vows In Church Ceremony

In a simple ceremony at Redlands Tuesday afternoon with only members of the immediate family in attendance, Mrs. Dorothy Shade Thompson, Highland, became the wife of Emory Merrill Barkow, 314 East Eleventh street.

The couple spoke their vows in a church decorated with white candles, gladioli and asters. Rev. George Barnes, rector of the Redlands Trinity Episcopal church where the ceremony took place, officiated.

Attired in a blue dress suit and wearing a corsage of white orchids, the bride was given in marriage by her eldest son, Charles Robert Thompson. The bridegroom's brother, Milton Barkow, served him as best man.

The bride's home in Highland was the scene of a following reception. White candles and gladioli were again used in the decorations together with gardenias and fern.

Mrs. Barkow's daughter-in-law, Mrs. Charles Robert Thompson, served the cake after the newlyweds had traditionally made the first cut. She was assisted by Mrs. Jennie Thompson.

Although Mr. and Mrs. Barkow did not disclose the destination for their wedding trip, they will be gone two weeks. Upon their return, they will make their home at 314 East Eleventh street.

The new Mrs. Barkow lived in Upland for sometime prior to her residence in Highland. Mr. Barkow formerly lived in Alta Loma.

Mr. and Mrs. J. B. Groff, 265 Ninth avenue, traveled to Fresno Saturday to attend the wedding of their granddaughter, Lois Jennings, to Robert Yeanout on Saturday evening. She is the daughter of Mr. and Mrs. Ervin Jennings, Fresno. Before returning to Upland Mr. and Mrs. Groff visited their daughter at Sacramento, Mrs. Arthur Journey. The new bride and groom visited at the Groff home Thursday and left on a wedding trip to Goshen, Indiana, this afternoon by train.

Mrs. Gleo Cline, 875 Washington boulevard, has recently purcased the property at Tujunga, California. Her plans are to establish a convalescent home there.

Mrs. Charles L. Conder, Wife Of Roving Minister, Tells Uplanders Her Experiences In Trailer Living

BY MARGARET YANCEY

"Yes, it is hard getting used to living in a trailer," admitted Mrs. Charles L. Conder, and Upland women who have been forced to live in a trailer due to the current nation-wide housing shortage will agree with her.

Young, dark-haired, Mrs. Conder is the wife of Rev. Conder, Episcopal minister, whose chapel trailer has covered many thousands of miles since 1940, bringing church guidance to many people in remote areas. Officially named St. Christopher's chapel trailer, it will be shown to Uplanders on September 15 at St. Mark's church.

Veteran trailer dwellers will also agree with soft-spoken Mrs. Conder when she says that one has to learn that things in a trailer have to stay in place.

The practice of keeping everything in its place proves doubly important in Mrs. Conder's case since the 20 by seven foot trailer not only accommodated she and Rev. Conder and their personal belongings, but also an altar, folding organ, and twelve folding chairs which are used in the church services.

Mrs. Conder related that the most inconvenient thing about the trailer was the fact that the church work necessitated moving every day. "Some days we'd move more than once a day."

Obtaining food supplies has not been too difficult for Mrs. Conder since even communities far distant from other towns usually have fresh vegetables, fruits, and milk. Sometimes the commodities were brought to the small stores by green grocery wagons and sometimes by the railroad.

Ice which would last three days was usually obtainable at railroad stations or at small filling stations. Canned goods, received from individual churches, were always stored in the trailer, ready for immediate use.

Mrs. Conder, following the example of ferrying pilots during the war, usually left the laundry at a laundry establishment on one end of a route and picked it up on the return trip. In most cases it was from 12 days to two weeks before Mrs. Conder returned for the clean garments and linens.

Whenever possible, hook-ins for lighting were made with local electrical units. At other times, the trailer was lit by kerosene lamps or candles.

Rev. Conder supplemented his wife's statements at this point, recalling a time when winter winds blew in at a hole in the back of the trailer, caused when it was backed into a telegraph pole. The damage was soon repaired, however.

Until the birth of their son, James Markham, who is now 10 months old, Mrs. Conder traveled with Rev. Conder on all his trips. However, at present she makes only a few trips during the year, remaining for the most part at their home in Thermal. The baby's godmother is Mrs. Will Mason, 1302 North Euclid avenue.

Modest Mrs. Conder let Rev. Conder tell about her work with the church. In addition to assisting with actual services, she has encouraged the development of woman's auxiliaries of the churches.

The practice of sending birthday, Easter and Christmas greetings to many of the children in the areas visited was started by Mrs. Conder, although since the work has grown various chapters of the Daughters of the King have taken it over. She is also vice-president of the Daughters of the King of the convocation of San Bernardino.

The trailer will be on display at St. Mark's church on September 15, and Upland women will be able to see for themselves the space-saving arrangements designed to offset the small space within the trailer itself.

Coming to Upland to visit an uncle, W. May, 492 North First avenue, and an aunt and uncle, Mr. and Mrs. W. J. Kermott, 653 East Eleventh street, Bernard Gress flew to California from Pittsburgh, Pennsylvania. He was met at the airport by a cousin, Mrs. Katherine Highsmith, and they both came to Upland. Mr. Gress is taking a two-weeks' vacation from his duties as editor of the Fulton county newspaper, a weekly in Pennsylvania.

While in Sacramento last weekend for the state convention of the American Legion Auxiliary, Mrs. W. J. Larkin and Mrs. I. J. Linkey took time to visit the famous Sutter's Fort and the state capitol buildings. Mrs. Larkin's daughter, Lt. (jg) Betty Larkin, was able to motor down from Oakland to spend Sunday afternoon with her mother.

Mrs. Jeff Stephenson, 553 North Archibald avenue, and her daughter, Mary Jean, have just returned from a week's stay with Mr. Stephenson's cousin, Mr. and Mrs. Harold Soult, Santa Ana.

Ensign Florice L. Gilbourne, daughter of Mr. and Mrs. D. R. Kilbourne, West Twenty-fifth street, was discharged recently at the naval personnel separation unit, Balboa park, San Francisco.

Mr. and Mrs. L. N. Kirk returned early this week from an extended trip to the middle west with principal stops in Mt. Ayr, Iowa and in St. Louis, Mo. In St. Louis they attended the annual convention of the American Poultry association of which he has been a director for 12 years. He concluded his services as a director, declining to be a candidate for re-election. Mt. Ayr is their former residence.

Church Women Honor Mrs. Florence Piety At Birthday Reception

Friends and relatives of Mrs. Florence Treat Piety, Upland woman who will soon be 100 years old, are invited to attend the reception honoring her given by the women of the First Christian church on Monday.

To be held in the church patio beginning at 2 o'clock and lasting until about 5:30 p.m., the reception has been planned for the day of Mrs. Piety's hundredth birthday.

Reception planning is being directed by Mrs. Jessie Keasey together with members of the woman's class of the church. Table decorations and food arrangements are being directed by Mrs. Claire Mitchell.

Sales Tax Makes Every Resident A Taxpayer

Every customer of every Upland store becomes a local taxpayer Sunday. Up to now only owners of real property have a direct part in financing their city's government and services.

The Upland city sales tax becomes effective Sunday. One half of one per cent tax will be added in every transaction—and money produced by this small fee will arrive in the city treasury.

At present the sales tax is 2½ per cent, all of which goes to the state funds. Customers will not be bothered by any detail, merely the paying of a few pennies in a normal day's purchases. The retailer is charged with responsibility in paying to the state and to the city that which is collected in taxes.

The sales tax is a sound tax. Indirectly, the tax should make every individual more conscious of his own, local government, and more alert in participating in governmental affairs.

Directly, the tax will take from local residents during a year many dollars. Adoption of the sales tax enabled the city council to maintain the present tax rate, rather than increase it. More money was needed, over last year's total, and so the decision was made to collect from every resident through the sales tax.

Taxpayers are interested in how much they have to pay. Taxpayers should be just as interested in how much they get for their tax dollar.

The Circulation Campaign—

Very satisfactory—that's our report to "our people" on this newspaper's circulation campaign.

More intensified coverage of The Upland News present circulation area and extension of that area are the objectives of the interesting campaign. Day by day these aims are being realized. At the present rate of progress, The News will have had a very successful campaign when the contest ends four weeks hence.

The wholehearted participation of the general public in the campaign is deeply appreciated. We believe Uplanders in general want the best possible local newspaper read by the greatest number of people.

This Life We Live

By JAMES V. LATIMER

A few weeks ago I was thinking about vacations and what they mean to us, and I said that ANTICIPATION was one of the fine elements of any vacation. The actual enjoyment of them follows; then comes the remembrance of happy days. Let us cherish our vacation periods.

The actual vacation may be one of disappointment, with weather conditions bad, fish not striking, mosquitoes too active, and food poor. But in a few weeks those disturbances become highlighted, and we review them with pleasure and recount them with enthusiasm. That is, we relate them if people will listen. Yet nearly everyone has an experience that tops ours, and seems to him to be of far greater significance than ours. This only indicates the value of getting away. Otherwise we would just talk about work, work and more work; or maybe MONEY. Think of that vacation next winter, when the days are cold or cloudy, and be glad.

When winter comes we sit by the open fire, or at the table of congenial friends, and someone asks about the past summer. One suggestion is enough to set us talking. From our tales of the out-of-doors or of travel experiences, people would be led to believe that ours was the finest experience ever known. But were I to ask you today, your mind would be filled with your troubles or difficulties. Memories are merciful to us, and we rejoice in the things we forget.

So we live in the future and in the past, as well as in the present. Do not emphasize too much the difficulties of the past few weeks. Hold tight to those experiences for a few months, and you will relive them with joy. Don't grouch too much about that vacation you have just had, for it will be better six months from now, when winter comes. However, mine was really fine.

Around Town

BY THE TOWNSMAN

Since the Rotarians think that they should actually have won the game last night in the 10th inning, they issued a challenge today to play the winner of the Ontario Lions and Upland Lions game which is scheduled for next week.

"That decision on first base in the 10th inning was definitely wrong and Seitz was out without any question," an offical Rotary spokesman said. "For that reason, we feel it only right that we play the winner of the game next week."

He had reference to the play in the 10th inning when Joe Seitz grounded to Jay Leaman who threw the ball to first. While the ball got to first before Seitz did, the umpire ruled that Harry Wright left the bag when he and Seitz collided. Rotarians claim that Harry's foot went off the base only after the out was completed. As a result, the tying run went in from taird and the game went 12 innings to a Lion victory.

A large crowd was again on hand to see the second Rotary-Lion game. Although no picnic was held after the game this time, quite a few women were still in attendance. Cheers from both the Lion and Rotary side of the stands filled the park intermittently.

A post-mortem on the game was held on the game in one of the local coffee dispensaries this morning. Players from both sides participated and needless to say the while thing broke up in about the same state that the Paris conference is in these days—complete disagreement.

Howard Paulin, I. T. McFadden and Devon Francisco, although not playing, played a great part in the Lion victory. Parked in the Lion dugout, their voices could be heard all night long jeering the Rotarians. There is even some talk that they did their best to influence the umpire's decision.

Johnny Meek and Bert Hendy again deserve a lot of credit and commendation for their kindness in umpiring the game. Although some of their decisions were protested by both sides, it was all in the spirit of fun and everybody enjoyed themselves. Except for that one decision at first base in the 10th, which was questionable, Hendy did a fine job umpiring on the bases. Needless to say Johnny was outstanding behind the plate.

Mac Says So

BY PAT McQUILLEN

TALENT—IN REVERSE

When our grown-up kids were young, an airdale pup came to roost at the Mac shack.

We bought the Mutt from Claude ("Jack") Mattox, who vouched for his aristocratic lineage and claimed that an airdale could do anything any other dog could do and then whip his competitor.

The kids named him "Bimmie" from the Gump comics. He became their guardian angel and constant companion.

Bim was a bit zealous in his dealings with rank outsiders. In consequence the Macs bought several trousers as replacements and peace offerings.

A friend—a dog fancier of some note—appraised the frowsy face and remarked: "He's so darned homely he's beautiful."

Somewhat along the same line—while listening to the radio program—"What's the name of that song?"—we heard a certain contestant earn her thirty bucks by discordantly off-keying her solo. Owen Atwood could have done much better, and Owen is no Caruso.

No doubt by her lack of talent, the lady may have brought a pleasing diversion to that radio show.

The ballyhooed statement—"Even your best friends won't tell you" is not always true. In fact one—(get that "ONE")—of our most ardent female admirers lisped these honeyed words in our ear: "Mac, old dear, as a columnist, you're so bad, you're almost good."

Thanks, pal. That's the least painful black eye ever pasted on the Ole Marster.

Cheerfully yours,
MAC.

Sport Slants

BY STEVE KALAGIAN

The first post-war "shot in the arm" for football at Chaffey college will be given when all candidates for the Panther squad meet with their new coach and athletic director next Tuesday night.

Uniforms will be issued and movies illustrating successful plays used by the Fourth Air Force during the war will be shown. Barbecued hamburgers and watermelons will be provided by the school as part of the social get-together.

Harvey Shirk, athletic director, who conceived the whole idea, has certainly made a start in the right direction. With football prospects everywhere one big question mark, the getting together of all the prospective players should go a long way in unifying whatever gridiron talent there will be available at Chaffey college this year.

Perhaps even more important is the fact that since the personnel of the Chaffey athletic department is practically all new, there could be no better way for football candidates to get acquainted with their new coaches than in this social and informal way.

Ray Rosso, Panther football coach, is having his troubles with the acute housing shortage. He and Mrs. Rosso have been searching the area for a place to live but outside of a few tips, they've had very little luck thus far. In the meantime, Mrs. Rosso has to return back up north to be with their little son. Let's hope that something comes through for Coach Rosso before school opens because he'll be too busy with the Panthers then to have very much success looking for a place to live.

Upland Lions Nose Out Rotarians In 12 Hectic Innings, 18-17

(Continued from Page 1)

for the night. Clint Thompson was the most consistant at bat for the Lions, getting four bingles in five times at bat. There were two home runs in the game, one by Gene Mueller, Rotary leftfielder, and the other by Dr. Truman Ackerson, Lion third baseman.

Both teams showed less nervousness and stage-fright than they had in the first game last week and Rotary, particularly, played almost 100 per cent better than they had in the first game. Except for a few breaks and costly errors the game may have gone the other way.

CLOSE DECISION

Rotarians no doubt will insist from now until doomsday that an umpire's decision at first base in the 10th inning was what lost them the game. With Rotary ahead. 17-16, and Lion men on second and third, Joe Seitz grounded to Jay Leaman, third baseman, who threw the ball to Harry Wright at first and to what seemed a certain out. Seitz ran the ball out, collided with Harry Wright, pushing him off the bag. While the umpire ruled him safe, there were others who will claim that Wright left the bag only after he had completed the out. In the meantime, however, the trying run from third scored, throwing the game into 12 innings and a Lion victory.

LEAD CHANGES

The lead in the game exchanged hands several times and Rotary and Lion rooters in the stands alternated in shouts for their respective teams. But it was the Lions who had the last shout when their team came through when the chips were down to win, 18-17.

Wilson displayed better control than he had in the first game. He only walked five men while disposing of 13 Rotarians via the strikeout route. Ellery Wright gave six free tickets to first base and fanned only two. Both pitchers went the route.

Packers Take Fourth Game to Win Series

The San Bernardino Prop Room, winners of the American League championship, were eliminated from the league playoff series Wednesday night when the Riverside Packers beat them for the fourth time, 4-3.

Etiwanda Wins Fifth Game To Lead In Series

BY DON BENSON

Etiwanda won the fifth game of the seven game playoff series, beating G.E., 2 to 1, Wednesday night before a crowd of over 1300 howling fans at John Galvin park.

Ray Hodgson, Etiwanda's main stand-by, pitched his third victory of the series, giving up seven hits, fanning nine, and walking four.

Big Jeff Benner pitched his usual terrific game but was "outlucked," while he struck out nine, allowed five hits, and walked three. Jeff pitched his heart out but fate or sumpin' was sitting on the other bench.

G.E. scored their one and only run in the third. With two out, Dunny Dunlap, G.E.'s center field, who never gives up battling, doubled. Gardner was safe on an error by Shaddox, and Dunlap scored.

Etiwanda came back strong in the fourth. Frank Johnston, short stop, slapped a double to start things. Glenn Kelley, leading league hitter, was purposely walked, Sox Stocking hit a double that bounced off Benner's glove between second and first base for a double, with Johnston and Kelley scoring. And that proved to be the ball game!

While G.E. had the bases loaded in the first, third, and fourth innings, and left 13 men on bases, they could put together only one run, for all their seven hits. G.E. had three hits in the fifth, but couldn't get beyond third base.

It seemed that lady luck was on the Etiwanda bench, although G.E. shouldn't expect to win, when they leave 13 runners stranded on the bases.

This game gave Etiwanda a 3 to 2 edge in the series, with tonight's game being the "crucial" game. If G.E. wants to keep in the race, they'll have to win tonight.

G. E.-Etiwanda Game Tonight May Be 'Swan Song' for Glenn Callaway

Tonight's softball game at John Galvin park will have a double attraction. With Etiwanda having a 3 to 2 edge in the play-off series, and needing only one win to oust G. E. from future contention, this "crucial" game will be hotly contested by both teams.

The second attraction will be the appearance of Glenn "Cab" Callaway, G. E.'s pitching ace since 1933. Glenn decided earlier this season, when he pulled a few assorted muscles in his arm for the first time in his career, that it was time to "hang 'em up" for keeps.

While not predicting the outcome tonight, it's possible that it will be Callaway's "swan song" in softball; the final page in a book of pitching that has never been equalled for top performance for as many years as he has set down in black and white in the record books. Of course it all depends on tonight's game and the outcome of this battle.

Manager Bud Frost is reported to have the highly touted "Bud" Mathis ready for G. E., and hopes to make it two straight victories and cop the series.

G. E. naturally will be all-out and Callaway is the choice for mound duty.

With the increase in crowds every night, a capacity house is expected.

College Invites Football Men

Athletic Director Harvey Shirk today asked all Chaffey students who are planning to become candidates for the Panther football squad this fall to attend the "Get Acquainted" night on the west end of the Chaffey stadium next Tuesday night.

Arranged by Director Shirk, the get-together is being held so that all prospective Chaffey gridiron men will not only meet their new coaches but get acquainted with each other as well. Barbecued hamburgers and watermelons are on the menu for the evening.

Uniforms and other football equipment will be issued around 5:30 p.m., with the dinner expected to start at 6:45 p.m. Leo Wadsworth, college director, said that the hamburgers will be complete with all the trimmings and there will be more than enough for everyone.

Colored football movies of the famous Fourth Air Forces football team in action will be shown to the candidates and other special guests. Ray Rosso, Panther coach, and Assistant Coach Johnny Meek will speak on the various phases of the plays shown in the movies.

Dove, Pigeon Season Opens

The dove and pigeon season opens on Sunday, September 1, according to an announcement from A. L. Stager, state fishing and game warden for this area.

The season for doves, however, does not open until noon on September 1, Stager said, although pigeon shooting commences half hour before sunrise Sunday.

The season continues until September 30 and except for the first day dove and pigeon shooting begins half hour before sunrise and ends at sunset every day. The limit is 10 per day and 10 in possession.

Shotguns must all be limited to three shells, Warden Stager said. No rifles are allowed on doves and pigeons.

Cyrus G. Baldwin, first president of Pomona college, was not appointed until two years after the college was organized.

Etiwanda's Ace Pitcher Broke Arm Six Years Ago But Denies Using 'Sidearm'

BY DON BENSON

After hearing between 1200 and 1300 softball fans yell for and against Etiwanda's ace pitcher, Ray Hodgson, every night he appeared during the current playoff series, with General Electric, I thought it might be a good idea to get Hodgson's side of the story.

Ray is accused by different fans and players, for throwing a "side arm" delivery in his pitching style. After last Wednesday night's game, I asked Ray to give his story and opinions and he came up with the following information.

Hodgson started his twirling career 16 years ago, at the age of 16, for the Garden Grove team in the National League in 1930. Even at this tender age, Ray developed itchy feet, playing for Olive in 1932. The year of 1933 saw him pitching for Westminister, a town east of Long Beach. Ray then moved to Irvine, staying from '34 to '38.

The year 1938 found Hodgson at Santa Ana, where he stayed until he moved to San Berdoo to make his home there, and work for a contracter's firm.

BROKE ARM

During a discussion on Hodgson's delivery, Ray said that six years ago his right arm (the $$$ arm) was broken in two places, with his shoulder also being broken. When the arm had healed he couldn't throw the ball as before, hence, he developed his present style, because his shoulder wouldn't permit his former delivery.

At this point I want to give a few statisics. Ray Hodgson is 6 foot, 3 inches tall, and packs 230 pounds very neatly.

When asked about throwing "side arm" or illegally, Ray stoutly denied being "illegal," although saying he **might "slip"** on his highly debated delivery **"occasionally."** This to me was a straight forward statement, and should be regarded as such.

VERY SORRY

As for hitting opposing batters, a la Johnny Sagouspe, Hodgson hotly denied any intentional purpose and said he was very sorry Johnny had his arm broken by his pitching. While the fans hurl insults at Ray, I don't believe anyone ever believed he intentionally hit any player. My five cent opinion (Confederate money) is, he (Ray) has never intentionally hit any player, and Johnny Sagouspe will be the first to agree, as he has.

Ray thinks that one of the best games he ever pitched and enjoyed the most was his recent 4 to 0 victory over G.E. While believing that Etiwanda would beat G.E. out in the present playoff series, he also said:

"G.E. is the toughest team I've ever pitched against. I don't know what will happen next. I'll throw a 'groove ball' and they'll let it go for a called strike. Then I'll throw a ball that you'd think they wouldn't hit at, and they'll step up and wham 'heck' out of it.

"I don't know what to expect from those guys. They are tough to get out, and always swing at and hit the ball you'd think they wouldn't touch. I don't know whether they are trying to outguess me or what, but they are the hardest team for me to set down."

TOUGH TEAM

Ray went a little further and added, "I like the guys on the G.E. team and think they've got a good ball team. A very tough team to beat, and one that is always dangerous."

So when you come down to John Galvin park tonight to see the sixth game of the Etiwanda and G.E. playoff series, why not remember that Ray Hodgson is pitching in the only way he knows how, and does a pretty fair job too!

Me, well its like this— Ray is 6 foot, 3 inches tall and 230 pounds of well-built man. While being modest, I fade the Fairbanks at 142. 5 foot, 10½ inches tall, but still think Ray tosses to many "side arms"! And I'll bet I can out-run him, for a short distance any way!

Incidentally, Ray gave me his permission to print this, "as is", and in all fairness to him, I wish to thank him for the swell information he dished out. While naturally pulling for G.E., we still want to wish Ray Hodgson lots of luck!

Tigers, Pathers To Play on Fridays; College Plans Thanksgiving Game

With plans for one of the most active sport seasons ahead, Athletic Director Harvey Shirk announced today that both the Chaffey high school and college football teams will play their games this year on Fridays.

The Tigers have four games scheduled in the afternoon and four at night while the college will play all their games at night. Kickoff time will be 8 p.m.

Football fans may have a football game on their Thanksgiving bill of fare if negotiations now in progress go through, Director Shirk said. It is planned to move the game with East Los Angeles junior college, now scheduled for the night of November 29, back one day so that the game can be played at 2 or 2:30 p.m. on Thanksgiving day.

The Panthers begin their season on September 27 against Pasadena in the Rose Bowl with the Tigers going into action for the first time against Fullerton here at night on October 4.

The dates of two games now on the schedule will probably have to be changed because they conflict with high school games, Director Shirk said. They are the games with Los Angeles city college on October 4 and with El Centro on October 25. Both the Tigers and Panthers are scheduled to play at Chaffey on the same nights and it seems likely that the college games will be moved to other dates.

The Panther schedule follows:

Sept. 27, Pasadena, at Rose Bowl.
Oct. 4, Los Angeles city college, here (date tentative).
Oct. 11, Fullerton, here.
Oct. 18, San Bernardino, here.
Oct. 25, El Centro, here (date tentative).
Nov. 1, Santa Ana, there.
Nov. 8, Citrus, here.
Nov. 15, Pomona, there.
Nov. 22, Riverside, there.
Nov. 29, East Los Angeles junior college, here. (May be changed to Thanksgiving afternoon.)

Tiger schedule:

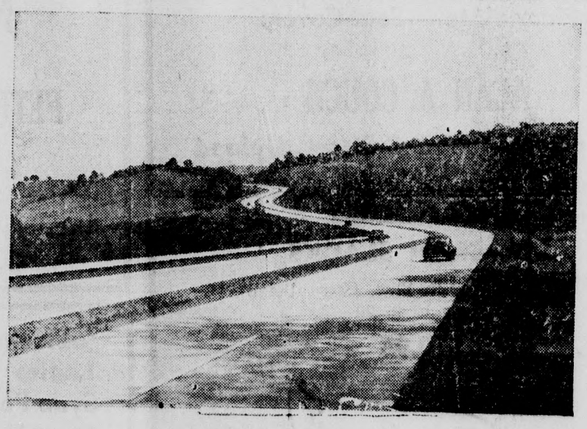

Oct. 4, Fullerton, here (8 p.m.)
Oct. 11, South Pasadena, there 8 p.m.)
Oct. 18, Colton, there (8 p.m.)
Oct. 25, Redlands, here (8 p.m.)
Nov. 1, Riverside, there (3 p.m.)
Nov. 8, San Bernardino, there (3 p.m.)

EVERY RESIDENT IS ELIGIBLE

Every family in Upland, Alta Loma,, Cucamonga and Etiwanda is included in the Upland Merchants' Dividend Day. A directory has been especially compiled by The Upland News. This directory includes every house address in these communities— Upland, the outlying district, and the three communities east of Upland.

A page number and line number are selected in a drawing to determine where the "Dividend Day Man" will call with the award. Thus, an address is selected from the directory. If the family receiving the call qualifies by having sales slips, the award is presented. The call is made at 6 p. m. every Monday. The sales slips must be dated Saturday.

The dividend sales do not have to be for cash, a "charged" sales slip being acceptable. In all fairness, however, a sales slip for payment on account cannot be eligible for use on dividend day.

(COPYRIGHTED JOE DOWNEY)

All of jack-pot may be won if person has two or more sales slips from two or more stores with total purchases over $1.00.
$1 if person selected has no sales slip.
$5 if person selected has one sales slip.
$10 if person selected has two or more sales slips showing total purchases under $1.00.

To be eligible to receive all of the jack-pot, your total purchases from two or more stores may be for
ONLY $1.00

Chaffey Teacher Talks on Meaning Of Intelligence to Upland Rotary

When people show equal respect for all vocations, only then will education have fulfilled its purpose, M. G. Jones, social science teacher at Chaffey, told the Upland Rotary club at the Upland Woman's club Wednesday.

A member of the Upland club, Mr. Jones said that there were all kinds of definitions for intelligence, but it was difficult to draw the line. He cited several cases in which men with no academic training, including one who couldn't even write his own name, made successes in various fields of work.

"Were they intelligent or not," Mr. Jones asked his audience.

Listing four kinds of intelligence, Mr. Jones said that he thought social intelligence — the ability to get along with other people—was probably the most important for success in life. Creative intelligence, which is required for inventors, composers and writers, is the most rare, Mr. Jones stated, and no doubt a close second to social intelligence.

"If I had a choice between practical intelligence and academic intelligence, I believe I'd take the practical," Mr. Jones declared.

Roy Weller, son of Mr. and Mrs. L. A. Weller, 721 North Euclid avenue, was one of the guests at the meeting and spoke briefly on his experiences in the merchant marine. He told Rotarians about the workings of the merchant marine and of his travels both in the Atlantic and Pacific.

Ontario Files Injunction

The injunction filed by the city of Ontario against V. L. Crowley for seeking to establish his wrecking company in a residential zone will be head before Judge Stanley Mussell in superior court on September 23.

City Attorney Archie D. Mitchell instituted injunction proceedings against Crowley last Tuesday. In his appearance before the Ontario council nearly two weeks ago Crowley had accused the council of "trying to throw a $40,000 business on the rocks", and declared that he intended to stay at 1228 East A street whether the council liked it or not. "If you want a law suit, try and stop me," he said.

The injunction filed by Ontario states that the establishment of the junkyard is in violation of the city zoning law and also of an ordinance requiring a permit from the city council for a junkyard in any zone. It asks for a court order permanently restraining Crowley and his associates, Ralph, Juanita and Venetta Crowley, from using the property.

PATIENTS AT SAN ANTONIO COMMUNITY HOSPITAL

Mrs. Carlton O. Grover, Alta Loma, was released Tuesday and is now at home.

Mrs. Orville Noel, 221 La Vine, Alta Loma, has left the hospital following a major operation.

Miss Annie M. Johnston, 550 West Twenty-second street, has been dismissed following medical treatment.

Mrs. Otto Shelton, 136 Baseline, Cucamonga, has entered for medical care.

Phillip Lutz, six-year-old son of Le Roy Lutz, 367 South Euclid avenue, entered Thursday for a tonsillectomy.

SAN ANTONIO COMMUNITY HOSPITAL

Mr. and Mrs. Jack Beekman, 650 East Nineteenth street, Cucamonga, became the parents of a son at 11:27 a.m. Wednesday.

Mr. and Mrs. Odell Griffen, 1076 East Olive, are announcing the birth of a son at 6:43 Wednesday.

Mr. and Mrs. Vollney Millsap, Ontario, are announcing the birth of a son at 4:28 p.m. Thursday.

Mr. and Mrs. Robert E. McMasters, Ontario, became the parents of a daughter at 7:19 p.m. Thursday.

Marriage Licenses

Licenses to wed have been issued to the following by Judge Fred H. Jacobs:

Anna Margaret McCall, Ontario, 23, office worker, to LeRoy Compton, Ontario, 22, office worker.

Mr. and Mrs. Phillip White, Terrace drive, returned recently after spending a week's vacation at San Clemente. Mr. Eugene Glass, of Ontario, father of Mrs. White, was their guest for a few days. Their vacation was very much enjoyed and they are planing to spend a few more days there soon.

Mr. and Mrs. Forbes Mellon, Terrace drive, motored to Crestline over the week-end. They were guests of friends at their cabin, which is located on the Rim of the World, over looking the valley.

John Francis White, of Eugene, Oregon, is expected soon for a visit with his brother, Phillip White, Terrace drive. Just now he is visiting his daughter in Long Beach.

Nelson Van Fleet, West Twenty-fifth street, was host Friday evening, August 23, to the Native Sons of the Golden West. A barbecue dinner was served in the patio. About 50 guests were present.

Richard Reeder, son of Mr. and Mrs. Arthur Reeder, San Antonio Crescent east, has returned from a week's trip to Yosemite. He and his companions enjoyed hikes to Vernal and Nevada Falls, Glacier Point, and Toulumne Meadows. Those making the trip with Richard were Bob Shapard and Ralph Stokes, who were later joined by Hyle Cochran and Bob Adkison, all recent graduates of Chaffey high school.

MEMORIAL COMMUNITY HOSPITAL

Mr. and Mrs. John M. Cardenas, Ontario, are the parents of a son born at 11:28 p.m. Wednesday.

Mr. and Mrs. C. R. Lassley, 852 South Archibald avenue, Cucamona, have returned from Selma, in the San Joaquin valley, where they spent a week with Mr. Lassley's parents, Mr. and Mrs. Robert Lassley.

Marriage Licenses

Licenses to wed have been issued by Judge Fred H. Jacobs to the following:

Wanda Irene Morgan, 351½ North Laurel avenue, 25, beauty operator, to Benjamin Charles Engle, 507 North First avenue, 27, dairy worker.

Legal Notices

ORDINANCE NO. 360

AN ORDINANCE AMENDING ORDINANCE NUMBER 359 OF THE CITY OF UPLAND, ENTITLED "AN ORDINANCE OF THE CITY OF UPLAND IMPOSING A LICENSE TAX FOR THE PRIVILEGE OF SELLING TANGIBLE PERSONAL PROPERTY AT RETAIL, PROVIDING FOR PERMITS TO RETAILERS, PROVIDING FOR THE COLLECTING AND PAYING OF SUCH TAX, AND PRESCRIBING PENALTIES FOR VIOLATIONS OF THE PROVISIONS HEREOF."

The City Council of the City of Upland does ordain as follows:
Section One. Section One of Ordinance No. 359, entitled, "An Ordinance of the City of Upland Imposing a License Tax for the Privilege of Selling Tangible Personal Property at Retail, Providing for Permits to Retailers, Providing for the Collecting and Paying of Such Tax, and Prescribing for Violations of the Provisions Hereof," is hereby amended to read as follows:
Section One. IMPOSITION AND RATE OF TAX. For the privilege of selling tangible personal property at retail a tax is hereby imposed upon all retailers at the rate of One-half of One per cent (.5%) of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in the City of Upland on or after Sept. 1, 1946. The license tax imposed by the provisions of this ordinance is in addition to any and all other taxes imposed by any other ordinance of the City of Upland.
Section Two. It is hereby found and declared that this Ordinance is urgently required and is urgently necessary for the immediate preservation of the public peace, health and safety; that property taxes are insufficient to provide the necessary funds for the maintenance of various departments of the municipality and other current expenses of said municipality; and that it is urgently necessary that this Ordinance take effect immediately to provide the necessary funds to supplement taxes raised by tax on real property; and it is hereby ordained that this Ordinance is to take effect from and after date of its adoption and approval and publication thereof.
Section Three. The City Clerk shall certify to the passage of this Ordinance and cause the same to be published once in The Upland News, within fifteen days.

I HEREBY CERTIFY that the foregoing Ordinance was duly passed and adopted by the City Council of the City of Upland at a regular adjourned meeting held on the 27th day of August, 1946, by the following vote to-wit:
AYES: Hottel, Meek, Sherwood and Nisbet.
NOES: None.
ABSENT: Goodban.
R. G. MANLEY,
Acting City Clerk.
APPROVED: August 27th, 1946.
E. G. NISBET,
Mayor.

PUBLIC NOTICE

The Planning Commission of the City of Upland, California, hereby gives notice to the public that the second hearing on the following request for zone change will be held on Thursday, September 12, 1946, at 7:30 P.M., in the Council Chambers of the City Hall.
Change from R-3 residential zone to the M-1-B Light Manufacturing zone, lots 43, 44 and 45, inclusive, of Block 634, N. W. Stowell's subdivision.
Dated: August 30, 1946.
PLANNING COMMISSION OF UPLAND, CALIFORNIA
By W. W. MATHER, Vice-Chairman
35-1

No. 4732
SHERIFF'S SALE ON EXECUTION

Justice's Court, Ontario Township, County of San Bernardino.
Chas. J. Kratky, Plaintiff, vs. Juan Marquez, Defendant.

Under and by virtue of a Writ of Execution, issued out of the Justice's Court of Ontario Township, County of San Bernardiino, State of California, dated the 5th day of July, 1946, in the above entitled action (and directed to the Sheriff of the County of San Bernardino, State of California), wherein Chas. J. Kratky, the above named plaintiff, obtained a judgment in the Justice's Court of Ontario Township, County of San Bernardino, State of California, against Juan Marquez, the above named defendant, on the 5th day of July, 1946, for the sum of One hundred five and 39/100 dollars, and costs and counsel fees amounting to ___ dollars, I have this day attached and levied upon all the right, title and interest and estate of the above named defendant, Juan Marquez, in and to the following described real property situate, lying and being in the County of San Bernardino, State of California, and more particularly described as follows, to-wit:
Lots 25 and 26 of the Bowen and Byer's Subdivision as per plat recorded in Book 17 of Maps, page 44, records of said County and State.
Therefore, Public Notice is hereby given, that on Friday, the 13th day of September, A. D. 1946, at 11 o'clock a. m. of that day, in front of the north door of the Court House, City of San Bernardino, San Bernardino County, I will sell all the right, title, interest and estate of the above named defendant, in and to the above described property, or as much thereof as may be necessary to satisfy said judgment and execution, with all costs, to the highest and best bidder for lawful money of the United States.
EMMETT L. SHAY,
Sheriff of the County of San Bernardino.
By RAY DEAKINS, Deputy Sheriff
Dated this 9th day of August, A. D. 1946.
HERBERT C. NAYLOR,
Attorney for the Plaintiff,
Ontario, California. 31-3FO

Sumner hall, main administration building of Pomona college, was originally a hotel.

Contestants Get Good Results

(Continued from page 1)

these major prizes and big cash bonus awards. Just a good bunch of subscriptions for the credit of any contestant—if turned in before 6 o'clock this Saturday night—might change the entire complexion of affairs and furnish new leaders in the race.

BE AMONG LEADERS

As in other similar championship affairs or elections, potential winners in this contest will surely pull more pubic support by being up among the leaders when the second published standing of contestants is made in next Tuesday's issue rather than being merely one of the "hopeful wishers" who don't seem to have the necessary strength to make his or her dreams come true.

People, everywhere, like to "bet" on a winner—and nowhere is this more true than right here and now in The Upland News big automobile prize contest. Nowhere, it might be added, is self-confidence on the part of potential winners more essential or self-reliance more to be desired than in a race of this kind where prizes of such great value are to be awarded the successful leaders.

Anyone who thinks they cannot succeed, hasn't a chance in the world. But the man or woman who believes in themselves and KNOW they can accomplish any reasonable undertaking through proper effort will achieve a high degree of success in spite of various and sundry obstacles that might beset their way. Only those whose mind and heart and soul affirm and reflect personal assurance can win life's battles, and the world will cheer them lustily!

TAKES PUSH

On the other hand, those whose "wishbones" are located where their backbone should be, will always find themselves lost in the dust by those who are really going places and doing things. Merely wishing or even half-hearted effort will not win in this or any other race. It takes pep, push and perseverance during the few short weeks this contest is in progress to complete the course and finish a winner.

And the judicious use of one's time and effort between now and 6 o'clock this Saturday night—at which time the ONE and ONLY special vote offer of the entire contest comes to an end—might have considerable bearing on ultimate major prize winners four weeks from this Saturday night.

TERMITE REPAIR

A permit to have the Antimite Associates do termite damage repair on the C. B. Tilden home, 250 North Campus avenue, was issued by the city building inspector's office yesterday.

No. 17396
NOTICE OF SALE OF REAL ESTATE

In the Superior court of the State of California in and for the County of San Bernardino.
In the Matter of the Estate of Nellie Naftel, Deceased.
NOTICE IS HEREBY GIVEN, that Marion W. Grothe, Executor of the Estate of Nellie Naftel, Deceased, will sell at private sale, to the highest and best bidder, upon the terms and conditions hereinafter set forth, and subject to confirmation by said Superior Court, on or after Thursday, September 12, 1946, all the right, title, interest and estate of the said Nellie Naftel, at the time of her death, and all the right, title and interest that the said estate has, by operation of law, or otherwise, acquired, other than or in addition to that of said deceased, at the time of her death, of, in and to that certain real property described as follows, to-wit:
1. Lots Nine and Ten, in Block Four, according to Map of Mountain View Addition, North Ontario, in the County of San Bernardino, State of California, as per plat recorded in Book 8 of Maps, Page 99, Records of said County. Together with 21.551 shares of the Capital Stock of Mountain View Water Company, and any heating equipment.
2. Furniture.
3. Revolving Funds: Fruit Growers Supply Co. — face value $411.72.

G. E. Moving Into New Factory; Plans Payroll of 1,000 Employes

Looking towards the eventual employment of 1,000 men and women, the General Electric company has started moving into its new $100,000 factory unit and some production is expected to start on September 10.

In a statement issued by W. H. Tangeman, works manager, it was stated that excellent working conditions for 300 more employes, mostly women, would be provided in the new addition. The unit just completed will house all flatiron assembly, complete production of thermostats and cord sets which are used on flatirons.

The new addition at Euclid avenue and Main street is 150 feet wide and 290 feet long for a total area of 43,500 square feet and increases the area of the Ontario plant to 200,000 square feet.

It will take several weeks to complete the moving because it must be accomplished without seriously interrupting production, Mr. Tangeman said. A Union Pacific spur track will be constructed along the south side of the building to serve a warehouse which will be 45 feet wide by 290 feet long.

Modern flourescent lighting, heating and ventilation equipment is being installed in the building. The system will operate by bringing in outside air through a heating system in the winter and through an air washer thus cooling it in the summer.

"The completion of this building provides the necessary space required to increase the total payroll to 1,000 employes, which we expect to accomplish before the end of the year," Mr. Tangeman said.

Set Tax Rate For Upland

Ordinances fixing the amount of money necessary to raise by taxation and for fixing the rate and levying the tax on real property received their first reading at a special meeting of the Upland city council Tuesday night.

The tax rates was set at $1.56 per $100 of assessed valuation and the following breakdown of the rate and the amounts to raise were provided:

80 cents to raise $50,000 for the general fund; 22 cents to raise $10,000 for bonds and interest; 20 cents for $12,000 for parks; 24 cents for $13,800 for the library; eight cents for $4,600 for capital outlay and two cents for $1,200 for the planning commission.

New Books

UPLAND PUBLIC LIBRARY

The name of Louis Bromfield brings to book lovers everywhere the memories of many an unforgettable story which he has enjoyed. Mr. Bromfield is indeed a versatile writer who has created novels of distinction for a good many years. "Mrs. Parkinton," "The Rains Came," and his earlier successes, "A Good Woman," "Early Autumn" and "Possession" are only a few. Lately, Mr. Bromfield has settled on his farm in Ohio. In "Pleasant Valley" he extolis the joys of the farmer, and no doubt had made not a few converts to way of living.

His latest book, "A Few Brass Tacks," shows him as a deeply disturbed man who is putting his thought on paper. Here he outlines his doubts, and his conviction in a sincere attempt to arrive at some answer to the tragic political, economic and social problems of our time. He scores the fallacy of thinking that confuses money with real wealth; that ignores the basic role of agriculture in relation to our national economy; that encourages the growth of great cities with their propertyless populations; and finally that seeks the solution for world peace in an organization for which the world, with its wide divergence of political liberties, living standards and literacy, is not ready.

Here at last is a book which takes into consideration the state of man as it now stands, and suggests a policy of conservation of natural resources, a development of agricultural yield at a lowered production cost, and world trade with those who possess the great natural resources in order to bring about a solution to the "Age of Irritation" in which we now live.

He who conquers others is strong but not as strong as he who conquers himself.

Plans are complete for a giant two-day Rodeo Fiesta to be staged in Fontana Sunday and Monday, September 1 and 2, for benefit of the local Youth Council. Three groups—the American Legion, Ralph Broiles post of the Veterans of Foreign Wars, and the Lions club—have banded together to stage the Fiesta. Some of those who will participate in the Rodeo are shown here.

Need Labor for Davis Home

"If we can have half a dozen men to work this week-end, then we'll be ready for plastering by next week," Warren Wilken, contractor in charge of the Davis house, declared today in making another plea for more labor.

General labor is needed so that the house being built for Raymond J. Davis and his family can be finished as rapidly as possible. Once the sewer ditch is finished and the porch filled up, Wilken said, then the plastering can be started.

How soon the home will be finished cannot be determined he said, since it will all depend on the amount of labor that turns out and the amount of cash contributions that come in. Another $2,000 in money is still needed to pay all the expenses.

Those wishing to help build the home for Upland's disabled veteran may get in touch with Wilken at his home, 587 Fifth avenue, or by calling him at 318-220.

Alta Loma Gains In Library Books

Alta Loma has climbed to 13th place among the 54 branches of the county library, according to the annual report of the librarian at San Bernardino.

It disclosed that the Alta Loma library circulated 1154 books in July of this year, a gain of 130 in the year. Comparatively, the San Bernardino branch circulated 1287 books in July.

City's "Peeping Tom" Confesses, Gets Suspended Six-Months Jail Sentence

Pleading guilty to being the prowler who has been annoying local residents for the past several weeks, Edward Fisher, 53, 250 North Campus avenue, was given a suspended six-months jail sentence by Judge Mildred R. Puckett Wednesday.

Fisher was told that if he should be seen wandering around the streets at night again under any circumstances or if he should annoy any persons on the street day or night, the sentence will be immediately enforced.

Arrested by Chief Eugene L. Mueller and Detective Sergeant Henry Younge, Fisher confessed under questioning to being the "Peeping Tom" who has been reported around the city. He admitted to peeping into windows, trying doors and wandering about the streets at all hours of the night, according to police. His activities, according to the police report, were concentrated in the vicinity of Laurel, Euclid, First, Second and Third avenues, East Ninth street and other streets between Ninth and Eleventh streets.

A tip from an Upland woman led to Fisher's arrest. Police had been trailing him for several days before making the arrest last Tuesday morning.

College Hires Two Teachers

Chaffey college seemed to be all set for the opening of school on September 16 with the announcement by Director Leo Wadsworth that two final additions to the faculty had been made.

Miss Louise Cresto, who will teach Spanish, has had a varied career in teaching and in government work. Formerly teaching in Colorado, Miss Cresto during the war served as a secretary and interpreter in the American embassy in Buenos Aires, Argentina. She also has served with the U. S. Department of Labor in La Paz, Bolivia.

A graduate of Oregon State, Roy O. Weber will teach mechanical drawing and machine shop. He was a machine shop instructor during the war with the Army Air Force.

SCOOTER STOLEN

A scooter belonging to Harley Duncan, 176 North Second avenue, has been reported stolen. According to police reports, the scooter was in the rear of the house on Sunday while the family was away.

Churches to Hold Conclave Here

A home conference will be held at the Upland Methodist church and the Alpine Mennonite church on Sunday and Monday, September 1 and 2.

The opening service will be held at the Mennonite church on Sunday morning when Joe H. Yoder will deliver the sermon titled, "The Present Day Challenge to the Mennonite church."

The Sunday afternoon services will open at Fellowship hall, Methodist church, at 2 p.m. with a song service. Jesse Swartzenduber will speak "Parent's Open Door in Teaching Their Children."

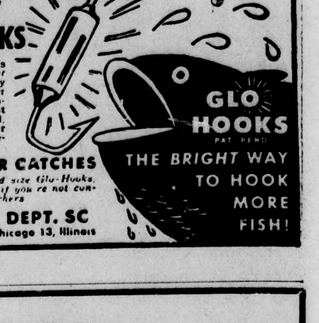

Other talks will be given by Sarah Slabach, Jeanette Bontrager and Gordon Horst.

Addresses by Irvin Brunk and D. S. Leatherman and a sermon by Luke Weaver will feature the evening services. The Monday morning conference will begin at 9:30 o'clock, with talks by Samuel Dirks and John William.

An open discussion and business meeting will wind up the conference.

NEW SUPER-BRIGHT LUMINOUS FISH HOOKS

At last, here are the sensational new fish hooks that actually invite fish to bite 'em and get hooked. Glo-Hooks not only hold fish after they are hooked, they really lure more fish and bigger fish to your hook. The super bright plastic compound molded on every Glo-Hook is the most highly luminous known to modern science. And, it's well known that fish as well as many other creatures of nature are attracted almost irresistibly to light.

LAND BIGGER AND BETTER CATCHES

Order your Glo Hooks today. Set of 3 assorted size Glo-Hooks, only $1.00 postpaid. Double your money back if you're not convinced Glo-Hooks are world's greatest fish catchers.
